

Maciej Kranz

**GENERAL MANAGER,
ENTERPRISE**

Maciej Kranz brings 30 years of business, technology, and market transformation experience to his position as GM, Enterprise at Pure Storage. In his previous role, Maciej served as EVP and CTO at KONE Corporation, where he led the company's R&D, IT, standardization, strategic partnerships, customer co-creation, and technology innovation activities.

Prior to KONE Corporation, he built and scaled multiple businesses at Cisco - from growing the company's Internet of Things division to a \$250M business in just 18 months, to expanding the company's Stackable Ethernet Switching business from \$400M to \$6B in revenues.
